**Bibs Promo in 6 Packs**

# Hayat Baby

## Water is crucial for babies!

- Do you know that water need per kg of a baby is 3 times more vs adults?
- Does baby consume enough water?  
If you change baby's diaper in 2-3 hours that means that baby consumes enough water
- Hayat Su with its balanced mineral content is suitable for healthy hydration of babies after the first 6 months.

# Hayat Baby

## Average water intake need of babies (under normal conditions)

Age	Avg Weight (kg)	Daily water need (ml)	Water need per kg (ml)
6 months	7,3	950 -1100	130 -155
9 months	8,6	1100 -1250	125 -145
1 year	9,5	1150 - 1300	120 - 135
2 years	11,8	1350 - 1500	115 - 125
